

The scatter plot displays the distribution of 'Winner Tier' categories across a range of values. The x-axis is labeled 'Winner Tier' and has four categories: Casual, Competitor, Pro, and Elite. The y-axis represents a range of values from 0 to 100, with horizontal dashed grid lines at intervals of 10. Data points are colored by tier: Casual (dark blue), Competitor (purple), Pro (pink), and Elite (red). The Elite tier shows a significant outlier near the top of the y-axis.
